Fairytales begin with the phrase, “Once Upon a time”, or “Long, long ago,” or “Far, far away.” The ending is usually a happy ending, “…and they lived happily ever after. Math lessons are explained on the Eureka Math website greatminds.org (Knowledge on the Go videos). We continue using Dreambox.com so students can practice and master a skill and meet the standards in grade 2 Math. For Reading fluency and comprehension, we use LearningAlly.org. In the event that a book assigned to read becomes unavailable, we will use justbooksreadaloud.com. We have used this site in the past to read books not on LearningAlly.org, (for example, the book Button Soup-Disney).

There are numerous free websites to supplement student learning which will always be added to the Enrichment Center Box. This is optional but could benefit your child because of the activities included in the website. There are videos to watch and virtual trips.

On another note, look for future video messages from your teacher on 2nd grade class page. Two videos were posted already, one on April 22 and the other on April 28. Thank you again for doing your very best during these challenging times. We keep moving forward with God’s grace, mercy and love. He will continue to strengthen us and give us the wisdom and strategies we need throughout the days to come. God Bless you and your families!

“The Lord Is My Shepherd” Psalm 23 (Old Testament)

The Lord is my shepherd; I shall not want. He makes me to lie down in green pastures; He leads me beside the still waters. He restores my soul; He leads me in the paths of righteousness For His name’s sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil; For You are with me; Your rod and Your staff, they comfort me. You prepare a table before me in the presence of my enemies; You anoint my head with oil; My cup runs over. Surely goodness and mercy shall follow me All the days of my life; And I will dwell in the house of the Lord Forever.
