March 12, 2020

Dear Residents and Family Members,

Effective 9pm tonight, St. Anthony’s Gardens will prohibit all non-essential visitors and vendors for thirty (30) days unless the visit is essential to a resident’s physical care. As we limit outside visitors, we suggest all residents remain in the Community. We also suggest residents reschedule all non-essential appointments outside the community. We will continue to screen residents, staff and essential visitors for the following criteria:

- Signs or symptoms of a respiratory infection, such as fever 100.4 or greater, cough, or shortness of breath. You must be fever free for over 24 hours before visiting.
- In the last 14 days, had contact with someone with a confirmed diagnosis of COVID-19, under investigation for COVID-19, or ill with respiratory illness (with the above symptoms).
- International travel within the last 14 days to countries with sustained community transmission.

If a family member needs to provide groceries, personal needs and supplies, please contact the concierge upon arrival (985-605-5950) to receive the items and deliver to the resident.

We understand that communication with your loved ones is incredibly important and encourage you to communicate with them in other ways such as the telephone, video chat, e-mail, or social media. We will continue to monitor information and guidance from the LDH and the CDC. We will keep you informed via our website, in-house notices & channel and email.

Sincerely,

Iris Blundell
Managing Director
