

Third Grade Summer Math Assignment

The following math assignment is for the children **entering third grade** in September 2020. These skills are a review of concepts that were taught and practiced throughout the year. The summer math assignment consists of going into your IXL account for grade 2 and working in the following math skill categories. Your child can work on a skill for 15-20 minutes each day. I will send everyone an email containing your child's IXL username and password.

E. Addition - one digit

F. Subtraction - one digit

I. Addition - three digit

J. Subtraction - three digits

K. Properties

L. Mixed operations

M. Place values

N. Estimation and rounding

Q. Time

R. Data and graphs

S. Units of measurement

T. Two-dimensional shapes

U. Three-dimensional shapes

V. Geometric measurement

W. Fractions

X. Probability and statistics
3, 4, 5

Y. Multiplication

Z. Division
