

Grade 8 Mathematics Curriculum Map

Based Upon the Textbook: *Sadlier-Oxford: Foundations of Algebra*

[Subject to Change]

Trimester	Month	Subject/Unit of Study
1	September	<u>Chapter 1</u> Rational Numbers <u>Chapter 2</u> Real Numbers
	October	<u>Chapter 3</u> Expressions and Equations <u>Chapter 4</u> Inequalities <u>Chapter 5</u> Polynomials and Factoring
	November	<u>Chapter 6</u> Linear Functions and Inequalities <u>Chapter 7</u> Ratio and Proportion
		<u>Chapter 7</u> Ratio and Proportion

2	November	
	December	<u>Chapter 8</u> Percent Applications
	January	<u>Chapter 9</u> Two-Dimensional Geometry
	February	<u>Chapter 10</u> Geometric Measures and Coordinate Geometry
	March	<u>Chapter 10</u> Geometric Measures and Coordinate Geometry
3	March	<u>Chapter 11</u> Patterns and Nonlinear Functions <u>Chapter 12</u> Three Dimensional Geometry
	April	<u>Chapter 12</u> Three Dimensional Geometry <u>Chapter 13</u> Data Analysis and Statistics
	May	<u>Chapter 13</u> Data Analysis and Statistics <u>Chapter 14</u> Probability and Logic

	May - June	Chapter 14 Probability and Logic
